JAPAN'S LAST CARD PLAYED BY KOMURA

SENIOR ENVOY OF THE ISLAND EMPIRE MAKES A FINAL BID FOR PEACE.

PROPOSAL FOR COMPROMISE

JAPS PRESENT PLAN ORIGINATED BY PRESIDENT ROOSEVELT TO END THE WAR.

TURNED DOWN BY M. WITTE

RUSSIAN ENVOY CLAIMS THAT THE MODIFICATION OF THE DEMANDS IS A SHAM.

Portsmouth, N. H., Aug. 24.—The Japanese plenipotentiaries at the conclusion of the afternoon session Wednesday of the peace conference threw the card upon the table. It was the dramatic moment—the moment to which all the previous proceedings of the conference had led. The protocols involving agreement upon eight of the twelve conditions originally presented by Japan had been signed. One side or the other must make a move or the plenipotentiaries had reached the parting of the ways. The adversaries faced each other across the table. Of course, it was well understood what would happen, but that in a way only made it more dramatic. Figuratively, President Roosevelt suddenly entered the conference room. M. Witte sat silent and the move in the great diplomatic game passed to Japan.

Baron Komura in a few words explained that Japan in her great desire for peace was ready to make certain "modifications" of the original articles in the hope that Russia could find it possible to accept them. He then presented in writing to M. Witte the compromise proposition which President Roosevelt had suggested. It was concrete and specific and it followed the lines outlined in these dispatches. It offered to withdraw Article 9, providing for the payment by Russia of Japan's bill for the cost of war, on condition that Russia would accept Article 5, which provides for the cession of the Island of Sakhalin, so modified as to include an arrangement for the repurchase by Russia of the Northern half of the island for 1,200,000,000 yen. In addition it offered to withdraw entirely Articles 11 and 12 (surrender of the interned Russian warships and limitation upon Russia's seapower in the far East).

It Was Roosevelt's Compromise.

It was President Roosevelt's compromise and M. Witte knew its contents as well as Baron Komura. The question of whether he had been "bluffed" was put to the test.

Without a moment's hesitation M. Witte explained that the modification proposed was merely a sham, a change of phraseology, a diplomatic attempt to "dorer la pillule," and ask Russia to pay war tribute under another name. He could not accept it. He told Baron Komura Russia wanted peace. She had given the proofs in accepting every article involving the issues upon which the war was fought, but she could fight and money for tribute she would not pay, not one kopeck.

He asked Baron Komura to withdraw all demands for tribute. And so the plenipotentiaries separated, to meet again on Saturday, ostensibly to permit M. Witte to place in writing, as the rules of the conference require, his reply to the Japanese compromise proposition. In reality the adjournment over the two days was to give each side an opportunity to consult its government for the last time.

The outlook is black, many believe it was never so black as now. The Japanese are not talking. Indeed, they appear to be more taciturn and more resolute than ever. The only possible line of further Japanese concession is considered to lie in the limitation of the amount of the purchase money demanded for the north half of Sakhalin. The decision rests, therefore, as it has from the first, with Russia. Unless the emperor agrees to yield between now and Saturday, the end is likely to come on that day. And the indications from Peterhof, instead of raising the chances of a change of heart on the part of the emperor, seem to indicate even a firmer determination to yield neither territory nor indemnity, sugar-coated though the latter may be.

Almost Destroys Hope.

The long instruction received Tues-

day night, while not a reply to the communication of President Roosevelt given to M. Witte at the navy-yard Tuesday afternoon, was of a character to almost completely destroy hope that it will be possible for M. Witte to satisfy the Japanese demand. M. Witte himself has been quoted as saying that he would not if ordered to do so by the emperor, sign a treaty involving the payment of a kopeck. But it must be borne in mind that M. Witte in the negotiations is not a free agent. He represents his emperor. If he were absolutely free, this conference would hardly fail. He would make peace. He sympathizes with the solution offered by the president, but his hands are tied and unless he receives an imperial command, he cannot move.

Private advices from St. Petersburg say that sentiment there, in Moscow and in large centers, favors acceptance of the compromise. This may mean much. But the real hope still rests with President Roosevelt. He is resourceful. He has made another move. He has sent Ambassador Meyer direct to the emperor and they were together for three hours on Wednesday.

Mr. Roosevelt himself may know more about how the emperor feels than M. Witte and be able to act upon the information conveyed to him by his ambassador.

The report is industriously circulated here that Emperor William is responsible for the attitude of Emperor Nicholas and everything is traced back to the meeting of the two emperors on board the Hohenzollern in the Finnish gulf. In support of this, it is positively stated that after the interview M. Witte's instructions were made stronger and more unyielding.

BALKS ON INDEMNITY

RUSSIA EMPHATIC IN HER DECISION NOT TO PAY TRIBUTE TO JAPAN.

St. Petersburg, Aug. 24.—The Associated Press has the best of authority for declaring again with increased emphasis that Russia will never consent to the payment of an indemnity to Japan. Such payment would so gravely menace the vital interests of the state as to make this article in the Japanese terms utterly impossible of acceptance.

Furthermore the Associated Press has the same reasons and authority for the declaration that if Japan withdrew her indemnity demand, peace would practically be assured, as the Russian attitude on the other three points, including the cession of Sakhalin, does not preclude the possibility of a satisfactory settlement on these points. Indemnity is the crux of the whole matter. If this question can be arranged, it is believed here that all other questions on which there has been a divergence of opinion will practically settle themselves.

In view of the known Russian attitude on the other eight points, Russia believes that Japan's insistence on indemnity is the only thing that will make peace impossible. Officials declare that.

Attempts at Word Juggling.

such as calling indemnity by some other name, or attempting to collect indemnity under the guise of other payments will avail nothing. Russia, they say, will not conclude a peace treaty at Portsmouth which includes the payment of indemnity or other financial contribution.

Russia is ready, however, to make a reasonable and proper payment for the maintenance of the Russian prisoners in the hands of the Japanese.

This has been the attitude of the foreign office since the four points in dispute were referred to St. Petersburg from Portsmouth, and it is true expression of Russian official and public opinion.

Since the very beginning of the discussion here on Japan's original terms, there has been absolutely nothing to suggest that Russia could or would pay indemnity. Each day has sharpened the conviction that such a payment is impossible, and today the universal opinion, from the highest to the lowest, is that Japan's insistence on an indemnity dooms the Portsmouth negotiations to failure. Russians recognize the serious internal conditions of the country, but they declare these conditions will never force the payment of an indemnity, dishonorable in itself and which would most seriously menace the very life of the state.

A word about Dress Goods

The fall season will see some of the most beautiful cloths worn. Broadcloth will be very popular for street suits and the lighter weights for gowns for dress occasions. This cloth is so meritorious that it remains a very popular number.

It has been many seasons since Henriettas have been worn extensively, but those who dress well will have a gown of this cloth this season. This cloth is very worthy of all its popularity—and it is not an expensive fabric.

Drap de Alma, Drap de Ete, Barathea cloths and the like are being shown most extensively. In fact, any soft cloth with a good sheen and a close woven surface will be good.

But Panama cloths must not be overlooked. They are extremely good and will be used especially by those who wish a serviceable street garment.

TO END THE CONFLICT

PRESIDENT ROOSEVELT'S FINAL EFFORT ALMOST DRAMATIC IN ITS INTEREST.

COMMUNICATES WITH CZAR

MAKES A DIRECT APPEAL TO RUSSIAN EMPEROR TO CONCLUDE PEACE TREATY.

Oyster Bay, Aug. 24.—President Roosevelt's final effort to induce a cessation of hostilities in the far East is almost dramatic in its extraordinary interest. Though George von L. Meyer, the American ambassador at St. Petersburg, has made a direct appeal to Emperor Nicholas to permit the adoption of such measures in the pending peace conference as will terminate the war.

A long cablegram was sent to Ambassador Meyer by the president late on Monday. It contained instructions for representations on behalf of President Roosevelt to be made directly to the Russian emperor. There is reason for belief that those representations were communicated Tuesday to the Russian envoys at Portsmouth through the president's messenger.

As a result of the president's instructions Ambassador Meyer had a special audience with Emperor Nicholas Wednesday at Peterhof palace. What conclusions were reached at the conference is not known here, as no intimation has been given of the receipt by the president of Ambassador Meyer's cabled report. The report received from Assistant Secretary of State Pelee at Portsmouth that the peace plenipotentiaries had adjourned their sittings until next Saturday was a source of satisfaction. It is a distinct assurance that efforts are being made with increasing prospect of ultimate success, to compromise on the crucial points of difference among the conferees. It is regarded as certain that every hour gained in the time of the conference makes for a peaceful solution of the differences.

Has Gained All His Points.

Thus far the president has gained his points, one after another. It was due to his efforts that the conference did not break up finally last week and his further important suggestions prevented a final dissolution of the conference on Monday. Now he has carried his appeal for peace straight to the Russian emperor, an appeal, too, which can be said to have the positive support of the great neutral powers.

It is stated that Japan has proposed to Russia that the question of indemnity for war expenditures be waived, practically, and that Russia agree to purchase a portion of the Island of Sakhalin for \$600,000,000. Final decision of the proposition

made by Japan through Baron Komura will rest with Emperor Nicholas. Even should it be rejected, it is almost certain now that it will be succeeded by other propositions looking to an ultimate agreement of the plenipotentiaries.

AUDIENCE WITH THE CZAR.

Ambassador Meyer Calls on the Ruler of Russia.

St. Petersburg, Aug. 24.—Mr. Meyer, the American ambassador, had an audience with the Emperor at Peterhof Wednesday afternoon, which lasted three hours. Presumably, the matter of peace was discussed at length, but nothing can be ascertained at present regarding what actually took place, as the embassy declines to give out any statement.

It is known, however, that a long cablegram has been sent to Washington, giving the results of the conference.

HIGHEST SCORE FOR BUTTER.

Minnesota Man Wins First Prize With a Score of 99.

St. Paul, Aug. 24.—The highest butter scores of all contests of the Minnesota dairy and food commission are those in the contests which closed Wednesday. Of 145 entries thirty-seven were over 95, and the average was 93½. So near perfection was the prize tub of butter, that of John Grosier of Westbrook, that it was marked 99. This is the highest score made in all contests held by the commission. The winners of the contests follow:

First prize, \$5—John Grosier, Westbrook; score, 99.

Second, \$3—F. J. Reimers, Glencoe, score, 97.

Third, \$2—Peter Christensen, Olivia; score, 96½.

Defend the Championship.

Newport, R. I., Aug. 24.—Without exertion Holcombe B. Ward of New York and Beals C. Wright of Boston successfully defended the national tennis championship in doubles on the Casino courts Wednesday by defeating F. B. Alexander and H. H. Hackett, both of New York, in straight sets, 6-2, 6-1, 6-3.

ENTIRE FAMILY WIPE OUT.

Husband, Wife and Five Children are Drowned Near Marysville, Ky.

Marysville, Ky., Aug. 24.—News reached here during the day of the drowning of a man named Gates and his wife and five children in the river between Marysville and Dover.

Gates left here in a shanty boat, intending going south, and tied up for the night at a point below Ripley, on the Kentucky side. The rising river caused the boat to break loose and float to midstream. A towboat coming up with empties struck the shanty boat, demolishing it, and the whole family drowned, being asleep when the accident occurred.

AMERICAN BAR ASSOCIATION.

Leading Lawyers and Jurists Attend Annual Meeting.

Narragansett Pier, R. I., Aug. 24.—Between 200 and 300 leading members of the bar, representing nearly every state in the country and including Justices White, Brown, Peckham and McKenna of the supreme court of the United States, were present at the first sessions of the twentieth annual meeting of the American Bar association which began a three-days' conference here Wednesday.

The principal feature of the day's proceedings was the address of the president, Henry St. George Tucker of Lexington, Va., which was a comprehensive review of the noteworthy changes which have been made in the statutes by the national congress and by state legislatures during the past year. A general council was elected with a number of changes from the body elected at last year's convention in St. Louis, and forty-eight lawyers were elected to membership.

The general council elected included: Minnesota, Frederick B. Brown, Minneapolis; Montana, William Saunders, Helena; North Dakota, Andrew A. Bruce, Grand Forks; South Dakota, Bartlett Tripp, Huron; Wisconsin, H. S. Richards, Madison.

Marsh Not "Mr. Dove."

Brockton, Mass., Aug. 24.—The case against George L. Marsh, who was arrested on suspicion of being connected with the Bate murder in Illinois, was dismissed by the local court Wednesday. THURSDAY, AUGUST 24, 1905.

Iowa has decreased in population over 15,000 in the past five years according to the census just completed.

You will have to get up with the sun next Wednesday morning if you wish to see the eclipse. The sun rises eclipsed on that date and is in the shadow for over an hour.

The sale of timber on the White Earth reservation advertised to take place Sept. 5 will undoubtedly be postponed until the general public can acquaint themselves with the particulars and be in a position to bid intelligently on the vast amount of timber to be sold. Protests have gone in to the department from many sources and the outcome will probably be that the Indians will profit from the mixup as the price paid for the 250,000,000 feet will be greatly in excess of what it would have been had the matter been allowed to go by default and only the corporation that has had cruisers in the field been able to bid with any degree of certainty. If the sale is not held up there will be trouble ahead for the Indian bureau.

The state auditor will hold a public sale of real estate in each county in the state next fall comprising the lands that have been forfeited for nonpayment of taxes, and it will be the first of the kind ever held in Minnesota. Heretofore these lands have been sold at private sale by the auditor or commissioners but a law was passed in 1902 requiring this property to be sold at public sale after 1905. The state auditor finds that it is evident that many people do not know there are back taxes on their property as in many instances taxes are due only for a certain year and would indicate that the owner failed to pay through an oversight. Taxes are delinquent on some tracts since 1862 and not a county will escape representation, and the list will comprise city and village lots as well as farm lands. In Houston county alone 250 descriptions aggregating 1,500 acres are on the list. Owners of the land will have the privilege of redeeming their property up to the date of the sale.

NEW INTERESTS ARE TAKING HOLD

Shenango Furnace People Secure Leases on Lands Near Brainerd

This Supposed to be One of Most Important Deals Yet Made

Another big concern has taken a slice of the Cuyuna range and it is believed that this is one of the most important deals yet made and will mean more to Brainerd perhaps than any other says the Duluth Herald:

The Shenango furnace interests have actually and seriously taken hold on the Cuyuna iron range. It is, probably, the most important and significant deal that has yet been made.

The deal was made between Cuyler Adams, the father of the range, and W. A. Barrows, Jr., representative of the Shenango furnace interests at the Head of the Lakes. There have been various reports of previous deals with the Shenango people but it is believed that all have been erroneous and that this is the first one actually made. Mr. Adams did not go chasing after them and, one day, the representatives of the company came to him. As a result, he has just leased lands belonging to himself and associates, for a royalty not made public. The significant feature is that it is a straight lease and not an option for a lease.

The lands involved in the deal comprise the south half of the northwest quarter of section 22, 45-20, Oak Lawn township, midway between the Pickands-Mather lease and the city of Brainerd, on the south side of the Northern Pacific railway track. Two drills will be started at once on the property and those best posted have no doubt of ore being found.

The Shenango Furnace company is one of the largest independent concerns

of its kind in the United States and already has interests on the Mesaba range. The fact that an out-and-out lease instead of an option for a lease has been taken, indicates that the company is satisfied that merchantable iron exists on the range; that the range will be a success; that the iron is available for present use and that the company desires and needs it for consumption in its business. Mr. Adams was highly congratulated and complimented on his success in interesting Pickands, Mather & company, but there is evidence that he feels doubly proud over and satisfied with this deal.

The best results attained must be credited to the drill on the Northern Pacific lease in section 3, 45-20, about two miles northeast of the Pickands-Mather shaft. The drill is down eighty feet in ore of a reddish brown color, very heavy and fine, and of which no assays have, as yet, fallen below sixty per cent in iron.

The Northern Pacific drill in section 21, 46-28, is in 105 feet of ore. That in section 36, 46-29, is working in the surface dirt in a second hole. In section 10, 46-28, the drill is in the second hole and in surface dirt. Good reports are coming from the drills at work in the Big Rabbit Lake region. On section 29, on the Ehrich property, and on section 36, 47-29, a state lease held by Richard Long and under option to Geo. H. Crosby, diamond drills have been put in because of the hardness both of the ore and rock.

It is reliably stated that Chester A. Congdon and G. G. Hartley have acquired land in sections 5, 4 and 3, 46-29 and section 9, 46-29, on which they are under obligation to start drills very soon.

This deal is quite significant. Both Mr. Congdon and Mr. Hartley made fortunes on the Mesaba range, during the activity and they are not men who drill holes for fun or unless they think there is a good show to find iron.

RACE WAR IN ALASKA.

Italians and Chinese Engage in Deadly Combat.

San Francisco, Aug. 24.—News of race war that broke out in the salmon packing camp at Nishagak, Alaska, between the Chinese and Italian workmen last month was brought down by the salmon packer Salvator, which arrived here Wednesday. A petty dispute between an Italian and a Chinese brought on a general engagement, and for days 100 Chinese were besieged in the bunk house by a mob of enraged Italians who swore they would exterminate the last Mongolian in the camp. The riot was finally quelled by troops summoned by the superintendent from the nearest military point after several men had been killed and injured on both sides.

Sentenced to Death for the Murder of Her Ward.

Digby, N. S., Aug. 24.—The trial of Hope Young for the murder of Minnie Young, her ward, was concluded Wednesday night, when the woman was found guilty and sentenced to death, the date of execution being fixed at Wednesday, Dec. 20.

Minnie Young was a six-year-old child who had been left by her mother, a Boston woman, in the charge of Hope Young. This child and the infant daughter of Hope Young were found abandoned in the woods near Plympton, Digby county, last June. Both children had been bound and gagged and when a searching party found them, Minnie Young was dead. The other child survived.

BRAINERD'S GREAT GENERAL MARKET DAY

Every Preparation Made for the First Market Day for the Farmers of Crow Wing County

SATURDAY, SEPT. 2 IS THE DATE Farmers Invited to Bring Cattle, Hogs and Sheep, Etc.—Buyers to Be Here to Meet Them

The hopes of the most sanguine businessmen are about to be realized and a movement has been started which it is thought will be of great benefit to the farmer and merchant alike. It is the setting of a date, to be known as market day, when the farmers can bring their horses, cattle, sheep, hogs, etc., to the city and a market will be afforded them as there will be buyers of all kinds of farm product present to bid on the stock.

Through the efforts of the Commercial Club of Brainerd this "Market Day" has been established as the first Saturday of every month. The first market day will be on Saturday, September 2, one week from tomorrow and from the manner in which the merchants are taking hold of the movement it is thought the day, after it is inaugurated, will prove a great benefit. Already several dealers in stock have signified their intention of being present on this day and to offer the highest market price for anything they wish to buy.

The farmers of Crow Wing county are invited to co-operate in this matter and it is thought there will be little trouble in making the first Saturday of each month a success if they all pull together.

Remember the day, Saturday, September 2. Besides being a market day in the sense that there will be given the farmers an opportunity of disposing of their stock at a profit it will assume a sort of fair day and farmers are to be given prizes for the best that Crow Wing county produces, as indicated by the following:

"We the undersigned business men of Brainerd, agree to contribute the articles set opposite our names to the farmers bringing live stock to the market on September 2, as herein described. A competent committee will make the awards and the prizes will be given the same day:

Superior Base Ball Team Said to Be On Its Last Legs in the Northern League

Although scheduled to play this afternoon under the direction of President Kent and Secretary Sleby of the Northern league, the Superior ball team is practically no more says a telegram from Superior. With games scheduled in Duluth for today and the remainder of week, Manager Patterson threw up the sponge and said it was no go. The players cannot get their salaries and are way behind on them. They have been running behind for a long time now and the only money they have had was some that President Kent advanced them when they were in Grand Forks recently. The team came here broke, being transferred from St. Cloud-Brainerd, under which name it started out in the league this year. When it played good ball here there were good crowds, but when it commenced to do poor work the crowd fell down and there has not been enough money to pay the guarantees. A street carnival, held for the benefit of the ball team, did not prove such a whirlwind of a financial success as expected, either.

Twice now has a Northern league team here gone bump. The one last year was compelled to quit the game about this time and that resulted in the forfeiture of Superior's franchise in the league, although it got it back when the team was transferred here. It may be that this is the end of bush league ball up here as even with a winning team the Duluth management is continually losing money and the only team in the league that is said to have made any is the Winnipeg aggregation.

Catchy Music.

A delicious morsel in the musical comedy "The Paraders" is the introduction of a quaintly melodious Southern "crooning" song and lullaby, done by Rosalie Sheldon. The music of this number is said to be extremely catchy and easy to remember, and so popular does it immediately become that it is whistled and hummed by all the small boys, and by many of the big ones wherever the play is produced.

MUSIC AND DRAMA.

"SWEET CLOVER" TONIGHT

"Sweet Clover" which will be presented tonight at the Brainerd opera house is one of those good, old-fashioned, wholesome plays which a man may attend with his family without fear of hearing or seeing anything that would offend the most fastidious. It is a beautiful story, graphically told and strange to say, there are no crimes or villains, and still the heart interest is intense. Abundant humor is interspersed as several of the characters are legitimately funny without being overdrawn. The play is credited with being one of those sweet compositions that linger lovingly in the memory of the lover of really good plays. It is surely just a bit refreshing to again witness a wholesome, well written play that does not insult the intellect, for after the madlin, impossible melo-drama, the rough knock-about farce comedy and vulgar burlesque, one turns instinctively to the better class of drama and takes a moral bath. There could be no happier title than "Sweet Clover" for in itself it almost tells the story of the play. "Jerome Holcombe" and his pretty daughter "Lois" live contentedly on their beautiful farm in Connecticut. The old man lives for his daughter; for year ago the mother of Lois ran away with an artist named Slade and nearly broke his heart. Fearful that the daughter may follow the mother's footsteps, Holcombe jealously guards her. Lois does not know her mother's fate and falls in love with a young artist named Slade, who is the adopted son of the man her mother ran away with. To appreciate the thrilling events that quickly follow would only mar the pleasure of the intending auditor, suffice it to say that eventually all ends happily, as is usual in all good plays and stories. Mr. Otis B. Thayer and Miss Gertrude Bondhill assume the title roles.

"HONEST HEARTS" TOMORROW

Marty, a country beauty of Kentucky who has little knowledge of how to use the English language properly but can level a gun at the villain with ease is the central figure in the new pastoral comedy, "Honest Hearts" in which Klimt and Gazzolo are featuring Alma Hearn this season which will be seen at the Brainerd opera house tomorrow night. The play is to be seen here soon and the reputation of Miss Hearn as a popular comedienne and talented actress of such difficult roles as Marty assure a large audience. The play is called a comedy but is really a romance of the South with many humorous characters and scenes. All the acts are in the country on the farm of Marty's father or on the Cumberland river. The roster of the company supporting Miss Hearn indicates a superior organization and after seeing Klimt and Gazzolo's "On the Bridge at Midnight" there is no chance to doubt that the scenery of "Honest Hearts" will be something extraordinary.

Eczema, scald head, hives, itchiness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

Miss Rose Bergemann was the maid of honor. The wedding breakfast was served at the home of Mr. and Mrs. J. W. Koop, none but the immediate relatives of the contracting parties being present.

CASE OF YELLOW FEVER OCCURS
AND MANY HAVE BEEN EX-
POSED TO CONTAGION.

SITUATION AT NEW ORLEANS

REPORTS ON THE PLAGUE THERE
CONTINUE TO SHOW CONSID-
ERABLE IMPROVEMENT.

Brownsville, Ill., Aug. 24.—With
over 300 laborers here exposed to
contagion by a negro, from

port, who admits he came from an
infected yellow fever point in the
South, and who now lies critically ill
with the fever at a camp near here,
the people of Brownsville are in fear
of the epidemic becoming general at
this point.

Strict quarantine regulations have
been instituted.

SITUATION AT NEW ORLEANS

Report on Yellow Fever Shows Some
Improvement.

New Orleans, Aug. 24.—The follow-
ing is the yellow fever report up to
6 p. m. Wednesday:

New cases, 53; total cases to date,
1,556; deaths, 5; total deaths, 219;
new sub-foci, 10; total sub-foci, 352;
cases under treatment, 312.

The report continues to show an im-
provement in local conditions. There
are no well known names on the list
of new cases nor among the deaths.

There was news of a reassuring
character from the country Wednes-

day. The state board of health has
taken steps to relieve the distress at
Leveville, at the mouth of Bayou La
Fourche.

Past Assistant Surgeon Courp made
an elaborate report of the work in St.
John and St. Charles parishes and the
report relates that what appeared to
be a very serious group of foci has
been controlled with good hopes of
stamping out the infection.

Hanson City reports nine new
cases. Willwood plantation in Jef-
ferson parish reports two more cases.
One additional case was reported from
St. Rose and another at a point near
that town in St. Charles parish.

Patterson reports eleven new cases
and no deaths. Providence has de-
veloped five more cases.

St. Bernard parish reports two more
cases in the Italian village and Dr.
Meraux, who went to Terre Aux
Boeufs, says there are five cases of
yellow fever there and three suspi-
cious cases. Mississippi City reports
three new cases.

A late report from Dr. Stark, state
health officer at La Fourche, says that
Dr. Devron reported to him Wednes-
day that up to date he had found
170 cases of yellow fever and 200
cases of dengue at Leveville, and con-
ditions were such that help was
needed immediately.

APPEARS TO BE A FAILURE.

Plan to Have Irrigation Congress De-
liberate in Sections.

Portland, Ore., Aug. 24.—That the
plan of holding the deliberations of
the National Irrigation congress in
sections, initiated at the instance of
Secretary of Agriculture Wilson, is a
failure seems to be the consensus
among the delegates to the congress,
which is now in session in Portland,
and in this view some of the govern-
ment officials who have come here to
address the sections coincide. Not-
withstanding that there are in Port-
land about 1,200 accredited delegates
to the congress, not more than fifty or
seventy-five all told have attended the
sectional meetings on any one day.

The work of the congress is being
done by the resolutions committee.

FOUR KILLED BY AN EXPLOSION.

Railroad Contractor and Three of His
Helpers the Victims.

Pikeville, Ky., Aug. 24.—An explo-
sion occurred in a rock cut on the
railroad on Marrowbone creek during
the day, which resulted in the killing
of Joseph Perkins, contractor, of
Crozet, Va., and three helpers
named Coleman, Reynolds and Pot-
ter, who lived in the vicinity. All the
men were badly mangled and disfig-
ured except Mr. Perkins. Fifteen
kegs of powder had been poured into
the hole and it is supposed tamping
the shot caused the explosion.

VETERANS UNVEIL A MONUMENT.

Vice President Fairbanks Delivers the
Principal Address.

Ogdensburg, N. Y., Aug. 24.—In the
presence of Vice President Fairbanks,
veterans of Northern New York
united with Ransom Post G. A. R.,
here Wednesday in unveiling a beau-
tiful monument in Library park, com-
memorating the patriotism of soldiers
of the town of Oswegatchie, who fell
in the Civil war. The largest crowd
in the town's history witnessed the
ceremonies. A military parade com-
posed of United States regulars, a
battalion of the National guard, the
Victoria rifles of Brookville, Ont., and
Grand Army posts was reviewed by
Mr. Fairbanks. The dedicatory exer-
cises were presided over by State
Senator Maltby, and Vice President
Fairbanks was the orator of the day.

The monument is a Roman column
designated "The Spirit of Liberty,"
standing forty feet high, surmounted
by a bronze figure of Liberty, and
guarded at the base by war eagles.

There is more catarrh in this section of the
country than in any other, and until the last few years was supposed to be in-
curable. For a great many years doctors pro-
nounced it a local disease and prescribed local
remedies, and by constantly failing to cure with
local treatment, pronounced it incurable.
Science has proven catarrh to be a constitutional
disease and therefore requires constitutional
treatment. Hall's Catarrh Cure, manufactured
by F. J. Cheney & Co., Toledo, Ohio, is the only
constitutional cure on the market. It is taken
internally in doses from 10 drops to a teaspoon-
ful, and acts directly on the blood and mucous
surfaces of the system. They offer one hundred
dollar guarantee for any case it fails to cure. Send for
circulars and testimonials.

MUNICIPAL OWNERSHIP.

Most Important Question Before the
Municipal League.

Toledo, O., Aug. 24.—"Municipal
Ownership" promises to be the most
important question to be considered
by the delegates to the League of
American Municipalities, which began
a three days' session here Wednes-
day. Mayor Dunne of Chicago will
speak on the topic Thursday, but it
cropped out in nearly every discus-
sion Wednesday and a majority of the
delegates seemed to be in favor of the
idea, although there was considerable
opposition to the plan.

At the afternoon session Hugo L.
Grosser, city statistician of Chicago,
claimed that Chicago had saved by
reason of a municipally owned light
plant the sum of \$400,000 since 1887,
in addition to constructing a plant
worth over \$3,000,000.
